RE: Docket No's. *SW-01303A-09-0343*
W-01303A-09-0343

Commissioners:

Please review the most recent history for the Russell Ranch Development as it relates to Arizona Water Company increased rates for water and sewer in our neighborhoods.

Arizona Water Company received a considerable increase from the commission just last year.

The current request for increase is totally unwarranted. I assume you are all well informed in regard to the current economy; times are tough, we cannot continue to sustain these increases. People are moving out of this development daily, forfeiting everything.

Arizona Water appears to be expanding its footprint to accommodate a new development just south of our location and I suggest that they, AZWC, finance this expansion and stop asking existing customers to pay for capital improvements.

Thank you for your kind attention.

Sincerely,

Jake & Karen Stephens
